digital physician scales

THE RICE LAKE 150-10 DIGITAL PHYSICIAN scale series is designed for both modern appearance and contemporary function, with fresh, clean lines and forward-thinking features for the medical and fitness environments of today and tomorrow.

The series includes eye-level and floor-level models that contain features that prepare you for the future requirements of electronic medical record keeping by letting you easily transmit scale data to external devices.

Large push-button display lights up for easy viewing and an audible beep sounds at the end of each weigh cycle. Add to that a 550lb capacity and exclusive Motiontrap™ movement compensation technology, and these Rice Lake models are the most accommodating physician scales on the market.

Capacity	550lb (250kg)
